It will be put on a student's school/work computer and will include ROBLOX STUDENT only games (e.g. ROBLOX High School & ROBLOX High School Life). I love roblox because it is filled with amazing games. Also, I think it needs more easy to download games and more new games. There are lots of great players that are making great games but they feel unappreciated because if there is a new update some other player comes onto their game and steals their ideas so that doesn't make them happy. I also think that there should be easier ways for players to get to private chat or opt out of chat but not everyone would like being in a public chat room which would only make them mad. I like being in a private chat room with my friends because no one else can get into the room and report us for saying bad words.

I love this game it is amazing! I like the way you can make friends easily with nicknames and when you try to play a game you dont have access to there are always glitches, but i LOVE the idea of making the games harder by having three stars or more (like an adult version of warcraft) but it needs to be stopped from players trying to get a lot of coins for their accounts, because there are some that have 100s of dollars for their accounts and they re selling them...and also about the prices, i put two dollars on roblox i cannot use it because all transactions done here is done in dollars. -I would love if roblox had a marketplace because it could exchange items and in roblox the avatar is still the same as it was on a website but i wish there were live avatars in my profile

What I would love to see is more updates for games like minecraft, and many more updates. Also to add new games such as an RPG game (something similar to LOTRO) maybe something similar to wow where you come out of the game and control different characters. If we all work together we can get Roblox updated with these new games instead of waiting till now where there are a lot of glitches.

There are a few ways to get free robux in Roblox. 1.) Game purchases - Unlike other games, there is no way to get free robux through game purchases. 2.) Trading with friends - One of the easiest and quickest ways to get free robux is by trading with your friends. However, this can be difficult if you do not know anyone on Roblox or if they are not online. 3.) Sell creations on the site - This will give you a certain amount of money every day for free which can help you generate more gameplay time and use more items in-game, but if it's too hard then you might want to try selling your creations on the website first before trying this method

Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them. Also, if you don't want people to actually see your ingame character with free robux, then this is the only way that I have found so far.

On January 1st 2021, ROBLOX released a new core version update for their engine. They are now using a new source engine called "Bloxlet" and integrated a new built-in physics engine into the game. This feature will allow users to play in one of three different modes: Classic ROBLOX mode which uses the older physics system from ROBLOX, Bloxlet mode which uses the new physics system in ROBLOX 2.0 and fixed bugs, and Customized mode which allows players to customize their own physics setting. This update was expected to start being released in-game on January 15th 2021.[101] This release ended up having some bugs which caused users to get stuck in the game and crashes.[102] However an update was released a few days later, which fixed most of the bugs and added more control for players to customize their suitable physics settings.

What I do is take advantage of the events and plan out everything that I want. Once the event is over, I will just go to the Marketplace and wait for it to load. I will then go to the Marketplace and set my price at the lowest price that it can buy for a weapon, then I will wait for a few days. During this time frame, I have been able to sell everything that I have in order to get free robux. And also, you are able to see how much time the event would take depending on how many people enter.
