ROBLOX has also been criticised for its lack of badge incentives for participating in games, or even logging into the site at all. ROBLOX models these badges and credit

prizes after the badges found in games like Journey, where a lot of doing nothing gives you a lot of money, which is possibly a reason some players don't log in. ROBLOX also has very few quests to complete that reward badges/credits.

Roblox has also been accused of terminating its staff whenever they speak out against the company's policies and poor work environment. This is mainly done to avoid negative media attention which would impact their business.
